

## **DUNBAR RUGBY FOOTBALL CLUB 1927 - 1928**

A feature of the second round was the surprising display served up by Dunbar when opposing Kenard. Though defeated, Dunbar by hustling, robust tactics, almost managed to put the lighter Kenard "seven" out of its stride. A little more speed and better finishing would have made all the difference to Dunbar.

### **RUGBY.**

#### **EARLSTON v. DUNBAR.**

At The Haugh, Earlston, in good weather. During the first half even play ruled, and although Dunbar pressed, Earlston relieved. A fine passing bout by Aitken and the brothers Hollands ended in N. Hollands scoring an unconverted try. G. Broekie paved the way for another try by the same player. Half time—Earlston, 2 tries (6 pts); Dunbar, 0.

In the second half play settled in Dunbar territory, and after passing by Aitken and W. Broekie the latter scored an unconverted try. During the remainder of the half play was mostly in the Dunbar "25." Aitken, Laughton and J. Hollands scored tries, all of which remained unconverted. Result—Earlston, five tries (15 pts); Dunbar, nothing.

## **DUNBAR RUGBY FOOTBALL CLUB 1927 - 1928**

**DUNBAR RFC v HADDINGTON RFC 1<sup>st</sup> XV;-** In the second encounter between the Haddington and Dunbar fifteens this season, the former again emerged winners. Haddington ran up twenty three points at the Public Park, Dunbar, on Saturday, the home team failing to score. The scorers were Yorkston, K Macrae, Bell, Stoddart and R Peden, the last named also dropping a goal. Two of the tries were converted. Although Dunbar, except for an occasional burst off a loose ball, showed up badly. Their forwards were perhaps, the best part of the team, playing a strong bustling game in the loose. On the whole however, little came off their efforts. They were up against a pack that was distinctly their superior in all round play. The Haddington eight, in fact played a very sound game. D.B Cunninghame proved again to be an exceedingly effective hooker. The ball, however, came back none too cleanly, and this, and the spoiling tactics of the local team, combined to make R Peden's lot, none too easy. In the line-outs, and in the loose, generally the packs were more evenly matched, but Haddington were always able to produce those movements which put the fifteen on the initiative, and led to scores. Irvine, Blackie and D.C Cunninghame were perhaps the best of a sound pack, but D.B Cunninghame put in much valuable if unobtrusive, work. The Dunbar backs proved unequal to the task of coping with their opposite numbers once they got on the move, but managed frequently to spoil promising movements, and put their opponents out of their stride. The Haddington halves and three-quarters, as the score indicates, did not find great difficulty in countering any Dunbar attack, but it must be said that their own attack has often been seen working to better advantage. A Peden at full-back and in slightly less degree his Dunbar vis-à-vis came out of the game with credit.
